Re: Cases 19-E-0378 and 19-G-0379 - New York State Electric & Gas Corporation, Rates.  
Cases 19-E-0380 and 19-G-0381 - Rochester Gas and Electric Corporation, Rates.

Dear Mr. Rosenbloom:

I received your March 17, 2023 letter on behalf of New York State Electric & Gas Corporation and Rochester Gas and Electric Corporation (the Companies), requesting an extension to file the Companies Five Year Plan Report, as directed by the Commission in the *Order Approving Electric and Gas Rate Plans in Accord with Joint Proposal, with Modifications* (Order), issued November 19, 2020, in the above-referenced proceedings. The filing is due April 1, 2023.

You state that the Companies are in the process of making substantive revisions to accommodate capital expenditures associated with Phase 1 of the Climate Leadership and Community Protection Act (CLCPA) and that questions relating to scope and funding of certain projects have been deferred and are being updated and addressed in the ongoing 2022 rate cases. Under the circumstances, you argue that it would be an efficient use of time and resources to file a plan that could undergo material changes within a short time after its submission. You add that an extension would also allow the Report to be updated using the best available information.

Based on the information you have provided, an extension is granted until June 30, 2023, to New York State Electric & Gas Corporation and Rochester Gas and Electric Corporation to file the Five-Year Plan Report as required by the Order. This extension is granted in order to promote the fair, orderly, and efficient conduct of these proceedings.

This ruling will be posted on the Department's website.

Sincerely,

Michelle L. Phillips  
Secretary
